

## SCHIRRMESTER DIAZ-ARRASTIA BREM LLP

MICHAEL L. BREM\*

Largely “big-firm” refugees, we’ve created a cost-effective alternative to that model. Grounded first and foremost on a simple promise—the lawyer that you hire will be the lawyer that works on your matter—we strive to offer that same high-quality legal service you demand in a more “nimble” package. For example, when our clients wanted something other than the “billable hour,” we responded, and in the last three years, more than half of our billings have been an alternative-fee arrangement. This is who we are.
